

Hyper-Learning Potential Impact

Standards

- Standard for text, image, audio and video encoding (WP8)
- Legal Framework for Virtual Collaborative Learning Communities creation. Not a new norms' imposition but a proposal for a series of licenses (for users), conventions (for archives) and charters (for VCLC),... (WP25, WP26)
- Communication protocol for Print on Demand services (WP28)
- RLO interoperability with world standards (SCORM, IMS, IEEE LOM) (WP5, 6, 8, 9, 10)

Dissemination

- Functional language source code available on Source Forge (WP1-3)
- Open Source Hyper Server distribution (WP10)
- Training of five computer scientists of european SMEs at Net7 to enhance SMEs integration. (WP7)
- Collaboration with a Master on Web Services at the University of Pisa. The Master program will be updated accordingly to HL research development (WP7)
- Congresses for research results' divulgation (WP29)
- Workshops and seminars to diffuse the patform's use in the scientific communities (WP29)
- Detailed manual about the how to start a Virtual Learning Community (with included technological, legal, scientific and pedagogical observations) (WP12)
- Legal Framework for Virtual Collaborative Learning Communities creation. Not a new norms' imposition but a proposal for a series of licenses (for users), conventions (for archives) and charters (for VCLC),... (WP25-26)
- Reports on Public Archives, e-Learning Systems, Open Access, Socio-Economic impact of VCLC (UNESCO) (WP25)
- Internet Academy of Science, as a general VCLC's global environment. It also supplies tools for the creation of new Virtual Collaborative Learning Communities (WP25)
- PPDM: complex relational structures caching system (WP6, 10)
- Open Source 3D engine for RLOs representation (WP9)

Exploitation

- Distribution of the commercial-use Hyper-Learning server's installation CD ROM (WP10)
- Graphic development environments for functional language (WP1-3)
- PPDM: complex relational structures caching (WP6,10)
- Pay per use e-learning services added to the network by SMEs
- Print-on-demand services (WP28)
